AESTHETIC DESIGNS

Sleek designs, vibrant colors and innovative solutions bring power and elegance to suit evolving customer tastes.

FLAME FAILURE SAFETY DEVICE

A flame failure safety device is a feature in gas appliances that shuts off the gas supply if the flame unexpectedly goes out. It prevents the release of unburned gas, enhancing safety and reducing the risk of accidents.

PREMIUM IGNITION PIN BRASS COVER

The auto electric ignition gives the customer complete freedom from lighters and other external ignition tools. The Sunshine Hob's ignition Pin comes with a protective brass cover that increases the service life of the pin.

FULL BRASS BURNERS

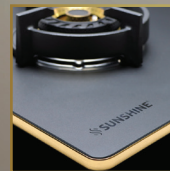

Full brass burners offer durability, even heat distribution, and resistance to high temperatures, making them long-lasting and efficient for gas appliances.
